

SOMERO UGANDA ANNUAL PICTORIAL ACTIVITY REPORT 2011

1.0. Introduction

Somero Uganda is a Community Based Organisation based in Kawempe Division behind Kawempe City Council headquarters.

With two years of operation, the Organisation is growing steadily to gain grounds with the vision to realize a Uganda where vulnerable young people have access to meaningful education and livelihood skills.

And a mission; to develop special Education programs for the Young people targeted towards the provision and promotion of education for improvement of their conditions of living and moral rehabilitation

1.1. The objectives of the organization are:

- To recognize the educational interests of in and out of school vulnerable young people in Uganda who are exploited as a result of poverty, unemployment, war, diseases, ignorance, lack of protection, natural disasters and related problems.
- To facilitate human development through their training in relevant skills and education thereby developing individual potential.
- To mobilize for a safe schools environment through an integrated community based area approach so as minimize school dropout rates of vulnerable young people.

The organization started its second year of operation in January 2011 and a number of activities have been held since then as shown below.

1. THE DEBATE SESSION

Debate sessions with the girls during their holidays.

The objectives of the debate was to encourage the young people to share on their different views
