

Community Response to child labor in Rakai district

A project implemented by Children of Uganda in Kakuuto and Kasasa sub counties as funded by International Development Fund (IDF)

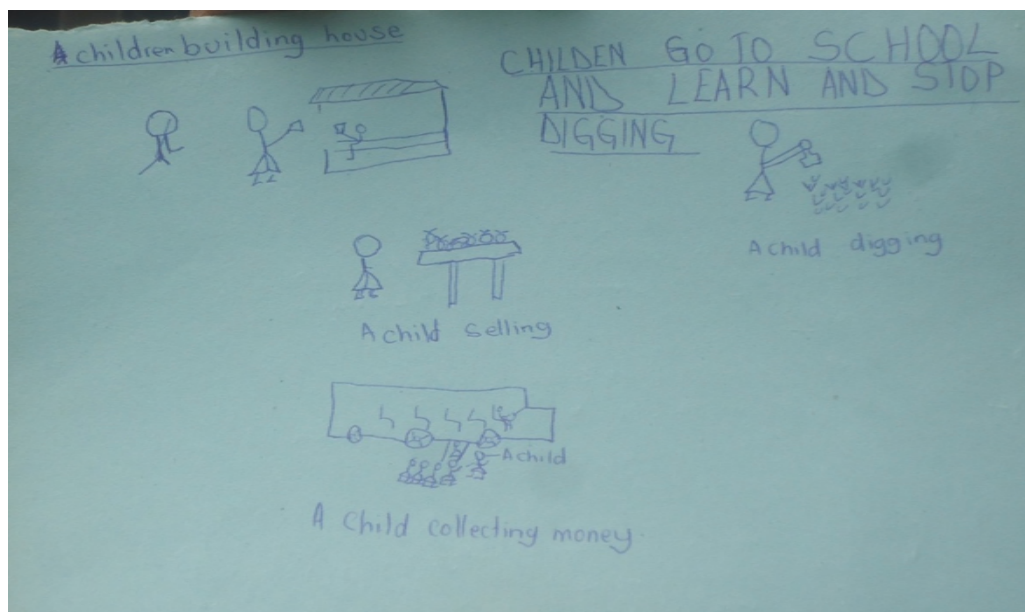

A Pictorial consultancy report for the development of messages for the community response project

presented by **Somero** Uganda the consulting organization.

The message development process started with desk review

analyzing the existing literature around child labour, intensive consultations of partners including children, district officials and community members followed. The consulting organization developed messages basing on the results of the desk review and consultations. These were exposed to an on spot pretest and later developed into art murals.

The Development process

Some of the children expressions
